So many great recipes in here broken down by cheese, oil, frying, and dessert. I've made a few recipes from here and I've loved every single one of them - gives great recommendations on what to dip in the fondue you are making. Also has dips and sauces for appetizers and what not in the back of the book.

If Richard Nixon was in office the last time you enjoyed a fondue dinner, time to revisit that 70s cooking and entertaining phenomenon first credited to the Swiss. Ilana Simon's lastest edition of The Fondue Bible offers much more than the traditional bread and cheese fondue, offering 200 creative recipes including fondues made from cheese, broth, savory oils, chocolate and fruit. Fondue is the perfect solution for entertaining in a high-tech, low touch world because it affords a great opportunity to actually socialize and have stimulating conversation gathered around the focal point of the Fondue pot. Dust off that old fondue pot in the storage closet or go in search of a new one, but get in on the fun of learning the versatile art of fondue!

I bought this book to go along with the fondue set my friend registered for for her bridal shower. She loved it and uses it when she has company and makes fondue. The illustrations really bring the recipes to life.

I.LOVE.THIS! The recipes are so good that I've been making fondue every week! My only gripe is that they put all measurement in ounces and I personally wish they would be in cups but no biggie.

This cookbook has a nice spread of different things to try. Not overly helpful in method, with cheeses that can be an issue. Good starter with a little help from the internet.

I have just decided to try making fondue at home, and this cookbook is AMAZING! It has tons of recipes and so much information and tips to make things easier! I would definitely recommend this to anyone trying fondue for the first time!

Super recipes for my upcoming fondue party! Best fondue recipes i've seen - the Classic Swiss Cheese Fondue was a hit at home! Can't wait to try more cheese recipes!

I think this book is great. I love some of the broth recipes. I will be using this a lot more. Some really different recipes that I can't wait to try.
