Microsoft Office Outlook 2013: Illustrated Essentials
Synopsis

Praised by instructors for its concise, focused approach and user-friendly format, the Illustrated Series engages both computer rookies and hot shots in mastering Microsoft Outlook 2013 quickly and efficiently. Skills are accessible and easy-to-follow thanks to the Illustrated Series’ hallmark 2-page layout, which allows students to see an entire task in one view. New Learning Outcomes outline the skills covered in each lesson, and larger full-color screens represent exactly what students should see on their own computers. Each unit begins with a brief overview of the principles of the lesson, and introduces a case study for further application.
