Your Office: Getting Started With Project Management (Your Office For Office 2013)
Synopsis

This two-workshop book provides an overview of key project management topics and skills, using Microsoft Project 2013 to give students hands-on learning. Make Microsoft Office, Your Office The Your Office series prepares you to use both technical and soft skills in the real world. Our modern approach weaves the technical content into realistic business scenarios and focuses on using Office as a decision-making tool. Students learn best by doing, so you will be active from page 1. There is plenty of guidance at first, but the case exercises will ask more from you as the book progresses. Innovative features help you progress from a basic understanding to mastery of each application, empowering you to perform with confidence in Windows 8, Word, Excel, Access, and PowerPoint, even on mobile devices. No matter what career path you’re on, the Your Office series will give you the foundation to succeed.

Customer Reviews

I got this because I am taking a Microsoft Project class and I need it. So far we have gone through the first 45 pages but it is very in depth and teaches you a lot in those few pages. This might be something to help you even if you don’t need a class. It doesn’t explain what a project is or other things like that but it teaches you the lingo and how to do what is needed to make a project and to schedule it correctly.
adaptively. Project Management: A Quick Start Beginner's Guide For The Serious Project Manager To Managing Any Project Easily
