Customer Reviews

Entertaining and educational book for whiskey novices and enthusiasts alike. I highly recommend it. It was a quick read, so grab it and enjoy it and then keep it for reference when you're looking for a new bottle to add to your collection.

A delightful little book about the different whiskies of the world. Not snobby in its tone, but clear on what is the best way to enjoy a whisky (sometimes I do enjoy some ice in my bourbon).

Some may think that whiskey doesn't come without a country blues song. However, there is a

guide to enjoying good whiskey and you can include the country blues songs or not, it's totally up to you.

This is a great resource for learning more about whisky and its various forms. Whether you are new to whisky or an old-hand; if you love whisky you should have this book.
