WOW FORTY Designs!!!! I cannot begin to think how much work has gone into this book. If you love to crochet and you want to make a rug then you really have to purchase this book. I really can't believe the variety of designs. The projects are split into sections; Tantalizing Texture Rugs That Tell a Story, Crazy for Colour, Tunisian Crochet, Shaped Rugs, Alternative Materials. The patterns are all in written format and are easy to follow. There isn't any indication of what level of crocheter you need to be but most of them seem quite simple and easy to make. My favorite has to be the "Proud Pines Sampler". It's based on a cross stitch sampler and I love how it looks. The designs are so varied and I am sure you will find you a rug you will want to make. I can't wait to cover my house with beautiful rugs. There really is something for every household. It's well worth the money!! I received this book to review. However all opinions expressed are my own. No monies were exchanged.

A great out of the box book of unique projects with a broad scope.

Great buy. I don't have a lot of experience but I'm excited to create these cool rugs! If they're any

good, i plan to gift them to family members :)

I haven't been able to use it as yet but sure will in the future. I love the rugs that are in it.
