In spite of how it may appear on this page, this item is NOT a magazine or book! It's an instructional DVD. Contents include: Getting started and how to pull loops, Loop height and skipping holes, Loop direction, Straight and diagonal lines, Staggering ends, Hooking shapes, Hooking squares, Points and triangles, and Hooking circles. It shows great closeups of the different techniques so you can see exactly what he's doing. While this DVD compliments "The Rug Hooker's Bible", it is in no way dependent on it - you can easily use the DVD only, without the book. This is Volume 1; there is obviously a Volume 2 as well which is sold separately.

I thought this DVD was very helpful for me being a new rug hooker. It shows nice detail on various techniques in rug hooking. I really enjoyed how to hook circles, turning a corner and following a curve line.

I am just getting into rug hooking and this DVD was very helpful. It is laid out in chapters and was very good at demonstrating the techniques. It was not overly technical and was explained

clearly.Kathy from Ohio
