This is a great burger book. The scope is excellent - from the basics of meat combinations to grinding your own meat, to non-meat burgers to a wide variety of sides including burger toppings, fries and shakes. Wicked Good Burgers is a fun cover-to-cover read, for those who enjoy reading cookbooks. Almost every recipe includes an author's introduction and photo. The photos are printed in surprisingly vibrant color given the trade paperback format. Here's what I've cooked so far. I'll update as I go. Red Hots - This is a sweet/hot relish with main components onions, jalapenos and pineapple. It starts very sweet from the pineapple, then transitions to a full-mouth wonderful heat. It's a great topping. The recipe calls for 20 red jalapenos. I used only 6 chiles - 3 green jalapenos

and 3 red fresnos - and it turned out plenty hot for me. Salmon Burger with Dill Mayonnaise - This is as moist and complex a salmon burger as I think you'll ever have. Imagine these layers from bottom to top - bottom bun, dill mayonnaise, salmon burger, creme fraiche, chives, "dilled" salmon roe, arugula, top bun. It took a bit of time to prepare the components, but delicious and well worth the effort. You could certainly do a lot of prep the day before. Brat Burger - The Brat Burger has a greater depth of flavor than the salmon burger, I'd make it first. The ground meat is equal parts pork and veal, but the real punch, the element that makes the burger taste like a bratwurst, is nutmeg - just enough to round the flavor into something decidedly different from a conventional beef burger. The author's recommend serving this burger on "Mindy's Pretzel Buns".
